

Cheatsheet Feedback

smacz

January 29, 2017

1 Rationale

We're here to help you cheat! We want to provide the best cheatsheets to you, ones that you can actually use! Be that python, vim, digital rights, whatever. However, you have to let us know which ones you would like to see. Please jot down the name of a cheatsheet that you would like to see available through OSC or give a '+1' to one that has already been listed.

2 Suggestions

Please let us know below which cheatsheets you would like to see. Please only add one '+1' mark per cheatsheet per person.
